To broaden our ongoing support for local schools, we are excited to present our **S.O.S.** program. We are offering a **10%** discount up to **\$30.00** on any auto repair or service. A minimum of **50%** of the discount will be donated to the school and department of your choice. The other portion will be deducted from your invoice total at the time of service. Together we can help take the burdon off of our schools during these tough economic times.
